IF YOUR PET HAS BEEN VACCINATED BY ANOTHER VETERINARIAN, WE NEED VERIFICATION OF VACCINATION AT THE TIME OF ADMISSION. Please Note: Bordetella must be given at least 72 hours before admission.

Without documentation showing that Bordetella has been given within the past six months, your pet will be given Bordetella and placed in isolation boarding for 72 hours before being introduced into the boarding area.

With the exception of requested procedures or required physical exams and vaccines, your pet will not be seen by a veterinarian unless a technician notices a problem and brings it to the attention of the veterinarian. Sometimes it is not possible to leave problems untreated until you return.
