

# THE ANIMAL HOSPITAL BOARDING KENNEL VACCINATION WAIVER

The Animal Hospital Boarding Kennel requires all boarders to be current on the following vaccines:

- Distemper/Parvo vaccine or titer within the last year.
- Rabies within the last year for previously unvaccinated dogs.
- Rabies current within the last three years for previously vaccinated dogs.
- Bordetella must be current within the previous six (6) months of boarding date and must have been given no later than 72 hours prior to boarding.

However, if a doctor determines that an animal is too old (12 years or older) to require distemper vaccinations, he/she may waive the distemper vaccination requirement by submitting the following waiver:

Doctor's Name: \_\_\_\_\_

Hospital Name: \_\_\_\_\_

Hospital Phone: \_\_\_\_\_ FAX: \_\_\_\_\_

Patient's Name: \_\_\_\_\_ Age: \_\_\_\_\_

Owner's Name: \_\_\_\_\_

Owner's Address: \_\_\_\_\_

Owner's Phone : \_\_\_\_\_ Cell: \_\_\_\_\_

\_\_\_\_\_  
(initial) I hereby certify that due to his/her age, the patient listed above no longer requires distemper booster vaccinations.

\_\_\_\_\_  
(initial) The patient is stable and healthy enough to board in a standard kennel.

\_\_\_\_\_  
(initial) The patient does not require medical boarding at the main hospital.
